

L350J Multipress (counterbalanced)

- Multipress with counterbalanced system, chromed bar and lineal bearings.
- For discs of 28 mm or 50 mm (olympic), thanks to the adapter included as standard.
- The counter-balancer system reduces the weight of the lifting bar, which makes it easier for all kind of users.
- **Three layer coating.** The design of this professional, up-to-date, stylish system is enhanced still further by its -layer coating comprising an initial anti-corrosion primer, for guaranteed durability, followed by an epoxy powder layer and fin.
- **Structure raised 50mm above floor level with rubber tipped feet.** This provides access for cleaning and vacuuming without scratching the paint.
- **Chrome bar with knurled grip,** which increases the adherence in the grip.
- **10 training height points for the bar.** Allows more varied workout.
- **Bar lock security system, swivel and height adjustable.** Allows a safer exercise, preventing the bar from falling on the user in case of accident.
- **4 racks on the rear part for storing discs.**
- **4 mm thick ST-37 / 40 steel frame.** For guaranteed durability
- **Tubes with rounded elliptical section,** that prevent cuts and blows.
- **Use of laser cutting technology.** For optimum tube cutting precision.

Specifications:

Length: 140 cm / 55"
Width: 193 cm / 76"
Height: 225 cm / 89"
Weight: 167,5Kg / 368 lbs.
